**ELECTION RULES**

APPROVED BY MUSG (FORMERLY ASMU) SENATE 1/18/90  
 UPDATED February 2021  
 MAJOR REVISION 2/8/01, VPSA APPROVAL 9/26/01

**Introduction**

These election procedures and rules are written for the purpose of electing the Senators, Executive Vice President, and President of Marquette University Student Government (MUSG). They have been compiled from the experiences of many students over numerous years and have been approved by the MUSG Senate as the official guidelines and rules for the said elections. Generally, the nature of these elections mandates flexibility because some items are absolute and others must be interpreted according to circumstances.

Though the rules are written with the assumption that the reader has never participated in an MUSG election, they should be read carefully and completely. It is expected that a first time reader will have questions; clarification should be sought prior to taking any action in a campaign. Please note that **NO CAMPAIGNING MAY BEGIN BEFORE A CANDIDATE IS REGISTERED**. These rules, procedures, and their interpretations are governed by the Elections Committee, chaired by the Elections Coordinator. In addition, it is expected that all candidates and campaigns will conduct their activities in accordance with all applicable University policies and procedures.

**Section I – Elections Committee**

- A. An Elections Committee of five (5) persons, including the Elections Coordinator, shall be appointed in accordance with the MUSG Constitution (Article IV, Section 9). No member of the Elections Committee shall hold any elected or appointed MUSG office during the semester in which the election is being held; shall be a candidate for office; shall be related to any candidate; or shall serve as a campaign manager or registered campaign worker for any candidate in the election.

- B. The Elections Coordinator shall chair all meetings of the Elections Committee.
- C. The Committee shall have authority over administering the election, interpreting the election rules, and overseeing the candidates' campaigns.
- D. The Committee shall make available registration materials and election rules to the potential candidates within a reasonable timeframe in respect to the primary and final election.
- E. The Committee shall make official all candidates for office and schedule any special elections.
- F. During the fall, elections will be conducted for Residential Senate seats. During the spring, elections shall be conducted for the positions of President, Executive Vice President, and Academic Senate seats.
- G. Final results are made official by the Election Coordinator in consultation with the Vice President for Student Affairs or designee.
- H. The Elections Committee is responsible for monitoring campaign material at their discretion, administering penalties (Election Rules, Section XIV) to candidates who deviate from the election procedures. The penalty shall be imposed according to the severity of the violation and may range to, and include, disqualification.
- I. No member of the Elections Committee or Appeals Committee may serve on a campaign team, wear any partisan campaign material, or in any way campaign for any candidate.

  - 2. No sponsor may apply for the same expense more than once within one funding period.
  - 3. Allocation cannot be approved for a request that does not have accompanying proof of cost.
  - 4. The Student Organization Funding Committee must have a quorum of 4/7 members present in order to vote on allocations.
  - 5. A recommended allocation receiving affirmative votes from a majority of members of the Committee present shall be considered approved for funding.
  - 6. Allocations greater than or equal to \$2,500 will be forwarded directly to the Senate for consideration at the next scheduled Senate meeting. The recommendations must be approved by a majority vote of the seated Senate.
  - 7. A report of the total amount requested by all sponsors, the total amount allocated for all organizations by the SOF Committee, or the number of organizations who applied for funding will be made available by the EVP at the request of an MUSG senator.
- H. Any qualifying student service that receives funding through the SAF is also subject to approval through the appropriate process managed by the Office of Engagement and Inclusion. Any sponsor of a qualifying student service that receives a funding allocation but does not subsequently receive event approval from the Office of Engagement and Inclusion cannot receive funding.
- I. During SOF training, the EVP shall publish and distribute to all recognized student organizations the calendar of deadlines for funding request applications for the current funding period and practices pertinent to the SOF Process.
  - 1. There shall be two funding opportunities for organizations with one in the fall term and one in the spring term.
- J. The requests for funding shall be considered by the SOF Committee on a rolling basis throughout the course of the funding period.

1. All recommended allocations greater than or equal to \$2,500 will be forwarded directly to the Senate for consideration at the next scheduled Senate meeting. The recommendation must be approved by a majority vote of the seated Senate.
  2. Any funds remaining at the end of the fall semester shall be added to the available funding for the spring semester.
  3. A sponsor may reapply for funding for a capital good that was approved in the previous funding period but was not purchased.
- K. As the sponsor of a qualifying student service, a recognized student organization may approach the Program Vice President in order to propose co-sponsorship of a service. The Program Vice President shall then present the proposal to the Financial Vice President. In order to receive funding from both the Program Board and the Student Organization Funding Committee, a qualifying student service must have the approval of both the Program Vice President and the Financial Vice President.
- L. No MUSG funds shall be used for fundraising or charitable contributions, nor to offset the expenses related to fundraisers for charitable organizations. This clause does not apply to qualifying student services that are service projects for Marquette undergraduate students.

#### **Section IV – Payments and Reimbursements for SOF Allocations**

- A. Should a recognized student organization receive funding for a University Expense (e.g. AMU expenses, catering, printing, etc.) or a purchase from a University approved vendor, MUSG shall pay that on behalf of the recognized student organization.
- B. Should a recognized student organization receive funding for a Capital Good, the Office of Engagement and Inclusion (OEI) may purchase the Capital Good on behalf of the student organization and facilitate a department transfer with the MUSG Finance Office. The SOF Committee will forward all allocations for Capital Goods to OEI prior to any student organizations requesting OEI purchase any Capital Good(s).
- C. All financial documentation pertaining to qualifying student services must be submitted with the sponsor's External Check Request Form no later than thirty (30) days after the event has taken place or by June 1 of the fiscal year during which the funding was allocated, whichever occurs first. All financial documentation pertaining to food, University expenses, capital goods, conference registration fees, tournament fees, tournament travel expenses, service trip travel expenses, or publicity must also be submitted with the sponsor's External Check Request Form no later than thirty (30) days after the purchase or by June 1 of the fiscal year during which the funding was allocated, whichever occurs first. Any documentation received after these deadlines will result in denial of reimbursement relating to those expenses.
- D. Any funds that are not utilized by a sponsor shall return to the collective portion of the SAF that is designated for Student Organization Funding.

#### **Section V – SOF Appeals**

- A. Any recognized student organization shall be able to appeal a decision of the SOF committee if they can demonstrate that:
  1. The SOF Committee incorrectly deemed its application insufficient.
  2. The decision of the SOF committee was arbitrary and not consistent with similar funding decisions and practices.

3. MUSG did not follow its stated application procedures and policies.

Any other reason shall not be considered grounds for an appeal. All appeals must be submitted in writing no later than one week of notification of the allocation decision. The Budget Committee shall hear all appeals and with four of six possible affirmative votes can overturn a decision of the SOF Committee. Without four of six possible affirmative votes, the appeal is considered to be rejected.

- B. The Budget Committee shall not consider any information not available to the SOF Committee at the time of the original decision.
- C. If any allocations greater than or equal to \$2,500 are rejected by the senate, the organization may submit a written appeal to the Budget Committee within one week of the Senate's vote. The Budget Committee shall review the appeal request, the Senate's decision, and provide to Senate a written letter of support or opposition to the Senate's vote. If the Budget Committee stands in opposition to the appeal, the process is considered closed and the recommended allocation rejected. If the Budget Committee stands in support of the appeal, the Senate shall then be required to reconsider the rejected recommended allocation and reach a final decision of approval or rejection.
- D. All decisions of the Budget Committee and Senate are final and close the appeals process.

#### **Section VI – The Reserve Fund**

- A. The Reserve Fund shall be available to purchase capital goods or other office related equipment for MUSG. The minimum amount allocable for such a purchase shall be \$500.00.
- B. The Reserve Fund shall be available to solely sponsor or to subsidize the sponsorship of a qualifying student service.
  - 1. The service shall be sponsored by MUSG.
  - 2. Any service not sponsored by MUSG on an annual basis may be solely sponsored by this fund.
  - 3. Any service sponsored by MUSG on an annual basis may be subsidized, but not solely sponsored by, this fund.
  - 4. The service may generate revenue, but shall not generate profit. Any net revenue shall be divided proportionally to the amount of co-sponsorship/guarantee.
- C. To allocate any funds from the Reserve Fund, a proposal shall require a majority affirmative vote of the Budget Committee before it is submitted to the Senate in the form of a bill. A two-thirds affirmative vote of the present Senate and action by the President are necessary to approve the bill. Upon approval by MUSG, the Vice President for Student Affairs, or designee, must approve the bill before any funds from the Reserve Fund may be allocated.
- D. If the balance of the Reserve Fund falls below ten percent (10%) of the MUSG annual operating budget, a budget line shall be included in the next annual operating budget to set aside funds for the Reserve Fund. This budget line shall not be greater than five percent (5%) of the annual operating budget and shall continue on an annual basis until the balance of the Reserve Fund is equal to or greater than ten percent (10%) of the annual operating budget.
- E. If the balance of the Reserve Fund amasses to greater than fifty percent (50%) of the MUSG annual operating budget at the close of any fiscal year, a cap will be initiated.

Following the initiation of the cap process, any additional funds that would have been transferred to the Reserve Fund, at the end of a fiscal year, will be transferred to a holding account established by the Marquette University Office of the Comptroller. The Financial Vice President is hereby authorized to oversee the transfer of the rollover funds into the holding line at the end of the fiscal year. The allocation of the funds in the holding account shall follow the financial policy as outlined in Section V subsection H.

- F. If the amount of funds in the MUSG Reserve Fund falls below the instituted cap level, the cap shall be lifted. With the lifting of the cap, at the end of a fiscal year, any remaining funds shall be transferred into the MUSG Reserve Fund until said reserve fund reaches its capped limit thus instituting the cap procedures.

### **Section VII – The Annual MUSG Budget Process**

- A. Each department chair of MUSG shall submit a departmental budget for all qualifying student services. Departmental budget forms for the next fiscal year shall be made available by the Financial Department no later than the first week of December and must be submitted to the Financial Department no later than the first week of February. The application must detail the expected budget for the department for the next fiscal year; including each expenditure and the anticipated financial commitment of each expenditure. Failure to complete the application accurately and timely will result in the Budget Committee determining the final budget for that department.
- B. The Budget Committee will prepare a statement of the projected annual operating budget for the next fiscal year. The statement shall list the following:
  - 1. The projected revenue from the MUSG portion of the SAF, as agreed upon by the Budget Committee and the University's Office of Finance.
  - 2. The projected amount of revenue from derived funds, as agreed upon by the Budget Committee and the Office of Student Development. These funds shall be allocable only to MUSG.
  - 3. The total funds allocable, which shall equal the total revenues minus the University collection fee and any funds set-aside for the Reserve Fund.
  - 4. The amount of funds available for allocation to recognized student organizations by the Student Organization Funding Committee through the processes outlined in Section III.
    - a. This amount shall be divided into two sums, one for club sports organizations and one for non-club sports organizations. The total for both shall be a figure that is not less than 30% of the SAF.
    - b. The amount set aside for non-club sports organizations shall exceed the amount set aside for club sports organizations by at least 5%.
- C. The Financial Vice President shall then prepare a consolidated statement of the budgetary requests proposed by all internal MUSG departments. The Budget Committee shall then be responsible for adjusting budget requests and all projected expenses and revenues until the aggregate of all budgeted expenses is equal to projected revenues.
- D. Following the Budget Committee's adjustment of MUSG departmental requests, the initial budget draft shall be presented before the MUSG Executive Board for approval. An affirmative vote of at least 4 members of the Executive Board shall be required for approval of the budget. If the MUSG Executive Board rejects the initial budget proposal,

the Budget Committee shall draft another proposal, in consultation with the MUSG Executive Board.

- E. Upon submission of the final recommendation of the Budget Committee, the Senate shall consider the acceptance of the budget, in accordance with the Budget Approval Procedures. To accept the budget as submitted shall require a two-thirds affirmative vote of the seated Senate. To amend the recommendations of the Budget Committee shall require a majority affirmative vote of the seated Senate. In no event may the budgeted SAF revenues, the University collection fee or any funds set aside for the Reserve Fund, as established by the Budget Committee, be amended by the Senate. The Senate may approve less than the other budgeted revenues.
- F. Senate budgetary approvals shall not be open to reconsideration, except upon a three-fourths affirmative vote of the seated Senate. Such action shall not affect the obligations already incurred pursuant to the initial approval.
- G. The sponsors of a qualifying student service desiring to modify the approved request for funding may request to redirect funds between budget lines in the approved budgetary allocation of that sponsor. Budgetary reallocations of up to \$100.00 may be made by the Financial Vice President. Budgetary reallocations greater than \$100.00 but less than \$500.00 may be made by the Budget Committee. These reallocations shall not require the approval of the Senate, if the Senate is informed of the reallocation no later than the first Senate meeting following the reallocation. Any budgetary reallocations exceeding \$500.00 in a given year shall be recommended by the Budget Committee and require approval by a two-thirds affirmative vote of the seated Senate.
- H. In a year in which student enrollment is higher than expected, there may arise unanticipated revenue from the MUSG portion of the SAF. The amount of unanticipated revenue which shall be available for allocation shall be determined by the Budget Committee. After the unanticipated revenues have been deposited into the MUSG account, all sponsors of qualifying student services shall be notified of the unanticipated revenues and shall receive no less than five class days notice of the deadline for submitting applications for additional funding. The Budget Committee shall review the applications and submit to the Senate a recommendation for the allocation of these funds. A two-thirds affirmative vote of the seated Senate shall be required to approve the recommendation.
- I. In a year in which the Reserve Fund cap has been instituted, the rollover funds that have been deposited into the holding account shall become allocable by the Budget Committee. All sponsors of qualifying student services shall be notified of the funds in the holding account and shall receive no less than five class days' notice of the deadline for submitting applications for additional funding. The Budget Committee shall review the applications and submit to the Senate a recommendation for the allocation of these funds on the Senate's third Fall Semester meeting. A two thirds affirmative vote of the seated Senate Shall be required to approve the recommendation.

### **Section VIII – Expenditure Procedures**

- A. All revenues to the credit of MUSG shall be deposited into an authorized MUSG account by the Financial Department in the identical form in which it was received. The Financial Vice President shall ascertain the account which is entitled to the revenues,

under the approved budget, and shall transfer the deposit accordingly to the appropriate accounts.

- B. Final budgetary allocations to sponsors of qualifying student services may be expended or obligated only to the extent that balances are available in the current MUSG account of the sponsor, and that the balance is properly attributable to the particular expense or obligation incurred. Obligations incurred by a contract, purchase requisition or other deferred payment arrangement must be approved, in advance, by the Financial Vice President and shall act as encumbrances against the budget balance.
- C. A sponsor of a qualifying student service having adequate funds available in its account, and seeking reimbursement for cash paid out on behalf of the sponsor, may apply to the Financial Vice President for repayment, via check, out of the appropriate budget line, only if the purchase is deemed in accordance with the MUSG Financial Policies by the Financial Vice-President and sufficient documentation is presented. Cash vouchers must be signed first by the Financial Vice President, and countersigned by the Vice President for Student Affairs or designee. When the application is for reimbursement, a receipt, invoice, or contract must accompany the application. If a receipt, invoice, or contract is not available, then detailed proof of payment, such as a canceled check, bank statement, or credit card statement must accompany the application. Cash vouchers shall be charged, upon issuance, to the account of the respective sponsor.
- D. Any sponsor of a qualifying student service, having an adequate balance remaining in its budget allocation and seeking to contract or procure facilities, goods or services authorized by the budget, must apply to the Financial Vice President for a purchase requisition or contract approval. University approval shall be secured for any such contract or agreement.
  - 1. Prior to any contractual agreements being made, the approval of the Program Vice President is necessary to ensure that an adequate balance remains in the appropriate account. With this approval, the sponsor may request the contract from the vendor, which then must be submitted to an authorized Student Development administrator. If the contract amount exceeds the signature authority for this individual, they will mark the contract and forward it to the University's General Counsel and to the Vice President of Finance for approval. It shall be the responsibility of the sponsor submitting the contract to provide all cooperation, documents and data necessary to ensure the prompt and efficient processing of such procurement applications. The sponsor shall be solely responsible for obtaining payment for an approved contract.
  - 2. Applications for a purchase requisition shall be obtained from the Financial Department. Applications must include complete specification of the facilities, goods or services to be procured, a statement of the approved budgetary categories to which they relate and a statement of the net cost to be paid. The Financial Department shall submit the documents for regular processing through the Office of Engagement and Inclusion to the University Purchasing Department or University Comptroller's Office, as appropriate.
- E. Upon actual receipt of any goods or services, the Financial Department shall verify the receipt of the goods or services, determine the approved budgetary categories to which the expense relates and begin the appropriate check processing procedures. A check request form shall then be prepared by the sponsor unless a purchase requisition has been filed. A check authorization form shall be completed and signed by the Financial

Vice President and countersigned by the Vice President for Student Affairs or designee. The process is completed when the Financial Vice President obtains the signature from the University's Office of Finance on a University check by which all accounts are paid.

- F. Applications for funding or expenditures for qualifying student services submitted by a recognized student organization shall be processed only if signed by the organization's president or financial officer, or both. The signatures of these officers shall be on file by the Financial Department. At no time shall total amount of funding allocated to a particular group be exceeded.
- G. On a continual basis, the Financial Vice President shall review the transactions of each MUSG-funded sponsor. If it is determined that the sponsor did not monitor the respective budget accurately by overspending or by failing to earn anticipated revenues, the Financial Vice President shall issue a written warning indicating that any further deviation from accepted procedures shall result in the termination of the sponsor's spending privileges in all budget lines. If the deviation continues, the Financial Vice President shall enact the warning. The decision of the Financial Vice President may be appealed to the Budget Committee. Reinstatement of budgetary privileges may be authorized by the Financial Vice President when all deviations from accepted procedures have been corrected.

#### **Section IX – Annual Audits**

- A. The financial records of MUSG shall be made available at the close of every other fiscal year to an internal auditor who shall prepare an annual audit report. This will require the assistance of the current and immediate past Financial Vice Presidents to the extent and for the purposes requested by MUSG, the University or the outside auditing firm.
- B. External audits may be conducted by an External Auditor as requested by MUSG or the University.

#### **Section X – General Provisions and Violation of the Financial Policies**

No student or group shall ever represent itself as having such authority, or attempt to contract directly in the name or on the credit of MUSG, the University or any student organization.

All students or student groups making such arrangements are legally and ethically responsible for payment until University approval of such arrangements is secured by the processing and signing of the contractual agreements through the Office of Student Development.

- C. No student or organization shall be entitled to claim any form of monetary compensation for time, work or services spent or performed on behalf of any qualifying student service, except in accordance with the terms of any contractual agreement for fair and mutual consideration.
- D. No service funded by, sponsored by or under the auspices of MUSG shall be directed or controlled by any person or organization other than MUSG, the University or a participating recognized student organization, except in accordance with the terms of a contractual agreement for fair and mutual consideration.
- E. No service funded by, sponsored by or under the auspices of MUSG shall contribute, either directly or indirectly, to the economic or political benefit of any person or organization other than MUSG, the University or a participating recognized student organization, except in accordance with the terms of any contractual agreement for fair and mutual consideration.
- F. Violation of the Financial Policies may result in action taken by MUSG and/or the University. MUSG action may include, but not be limited to, a written warning, limitation of responsibilities or the impeachment and removal from office. University action may be taken through the student conduct process.
