Section 1: What is SOF

- **Student Organization Funding (SOF)** is a process where student organizations and club sports can apply to receive funding support for events/goods. This funding is made available every academic semester and is funded by the $30 Student Activity Fee, paid each semester by all full-time undergraduate students. This fee supports student organizations who put on events that serve the entire Marquette undergraduate community, or events or goods that are necessary to the operation of our 300+ organizations on campus.

- **Student Organizations must be in good standing and must have attended all required training to be eligible for funding.**

Section 1.1: SOF Process

Section 1.2: SOF Guidelines

- SOF is a rolling process, meaning allocations will be reviewed throughout the semester.
- Funds are limited, and all requests may not be fully funded.
- **The funding application will be open as follows:**
  - **Fall Semester:** August 21st to November 18th.
  - **Spring Semester:** January 8th to April 19th.
- Allocation notification will be sent to you from SOF committee within 10 days of an application being received.
  - You **MUST** apply at least 14 days before your event, or your application will be rejected.
- You may not re-apply for funding for any expense that was denied in the same funding period.
- Organizations must send at least one representative to a SOF training hosted at the beginning of the school year.
  - The dates are August 30, September 5, and September 9.
- Any requests for over $2,500 require Senate approval. Due to this, organizations are required to send a representative to Senate to advocate for their request.
  - Senate meets every Monday at 7 pm; however, should there be any off weeks or cancellations, this will be informed in your allocation letter.
  - (NOTE: You must register your organization’s event on MARQUEE 14 days prior to its planned date.)

Section 1.3: Recent Changes

- At least one officer (but it is recommended that at least two officers) of a student organization must come to training at the beginning of the school year.
  - Dates: evening of August 30, virtual September 4 and morning of September 9.
- For requests of more than $2,500, a representative **must** be sent to MUSG Senate. Should a representative fail to come to Senate, your request may be rejected.
• MUSG now has plastic utensils including plates, napkins, cups and silverware, that can be provided instead of organizations buying their own. Go to the MUSG website and find the Qualtrics form to select what your organization needs when applying for funding.
• When requesting funding for gas, organizations can now fund up to $.66 per mile given proper documentation.

• Any requests under 14 days will not be accepted.
• You must complete a new SOF form for each event you plan to have.

Section 2.1: What can be funded?
From MUSG’s Financial Policies in its Governing Documents (Sec. III: Funding for Recognized Student Organizations):

A. MUSG may only fund requests for food, University Expenses, capital goods, conference registration fees, tournament fees, tournament travel expenses, service trip travel expenses, publicity, and qualifying student services from recognized student organizations other than MUSG. MUSG cannot fund operating expenses and miscellaneous expenses for any organization other than MUSG.

B. MUSG cannot fund any requests for personal goods, recurring events, shipping costs for capital goods, tips for services, events involving charitable contributions, speaking fees for declared political candidates, events that occur outside of the funding periods, events which have already occurred, prizes for events, capital goods which were purchased prior to submitting a funding application, or non-campus events which are not qualifying student services.

C. Expenses for club sports organizations which may be considered for funding shall be: team, coach, and fan transportation and lodging, field or facility rental, officials, salaries for non-playing coaches, first aid supplies, capital goods, entry and tournament fees, and publicity for events.

No MUSG funds shall be used for fundraising or charitable contributions, nor to offset the expenses related to fundraisers for charitable organizations. This clause does not apply to qualifying student services that are service projects for Marquette undergraduate students.

Section 3.2: Appealing Decision

- If after receiving your decision letter, you are not funded the amount you want or think you deserve, you may appeal the committee’s decision.
- Appeals must be submitted in writing and within 1 week of the notification of the allocation decision.
- Budget committee will then hear the appeal and make the final decision.
Section 4: Event Occurs and Apply for Reimbursement

Section 4.1: Event Occurs

- Organizations should host their event and pay for all their expenses out of pocket.
- If an organization needs financial support, it’s their responsibility to reach out to the MUSG FVP to discuss options.
- However, the majority of the time MUSG is only able to reimburse after an event occurs.
- After the event has occurred, student organizations will be responsible for completing the reimbursement form found on the MUSG website.
  - The form is the Qualtrics form.
- MUSG doesn’t just deposit the amount that you were allocated into your club’s account, instead, assuming allocation, we will deposit according to your proof of purchase.
- You must purchase your items and show proof that you paid for them.
- You may not get the full amount you were allocated unless you show that you purchased goods or services in that amount.

Section 4.2: Reimbursement Form

- This form differs from the form for the fund request completed earlier in the process.
- Organizations must have been approved for the amount and the event before submitting reimbursement requests.
- All organizations have up to 30 days after the date of the event/purchase to submit a reimbursement form. Anything past will not be accepted.
  - In spring semester, reimbursements are stopped either after 30 days or May 30th.

Section 4.2.1: Proof of Payment

- When submitting the reimbursement form, organizations need something that shows you paid for the goods or services.
- Proof needs to show that money has been transferred in the amount originally funded as well as prove money paid for a good or service originally funded for.
- Examples: (see appendix for picture examples)
  - A paid invoice
  - A receipt (NEED FOR GAS, nothing else is viable)
  - A registration confirmation with the amount paid
  - A signed contract with the amount being paid + bank statement or cashed check that shows the debit from your organization account
### Type of Purchase/Expense | Documentation Needed
--- | ---
Coaching/Ref/Umpire fees | **Coaching contract** is available on MUSG website plus a bank statement or cashed check showing you paid the contract amount.
Gas | **Photocopy of Original Receipts**
   
   NOTE on mileage. When you are request money for gas expenses and you submit how many miles you are driving, MUSG will allocate up to $0.66 per mile. **You still have to produce the receipts that showed you bought gas.**
Venmo | Transactions carried out with this app require more than a screenshot of the lump sum transferred between the bank account and Venmo: please also include an invoice with a break-down of specific purchases included in the reimbursement with a clear description.
Event or Conference Registration | In addition to bank activity showing funds leaving account, we ask that copy of the event **confirmation email** that verifies payment and reservation and attendance.
Miscellaneous Purchase | If providing invoice as back-up make sure the Balance or Net Due says 0.00 or include a bank statement/ screenshot of bank activity that shows the amount (clearly recognizable by description) as a completed transaction.

### Section 4.3: How Reimbursement Works
- Once the reimbursement form is filled out, the MUSG Finance Office Reviews and processes reimbursement requests.
- After their review, the university’s comptroller’s office authorizes the reimbursement payment based on the evidence submitted.
- The payment is then entered into Marquette’s payment system called COUPA
  - Often, your organization must be added as a payee before the payment can be entered.
- Marquette’s Accounts Payable Office issues the payment on their regular schedule after the payment request is approved. This usually takes about 7 working days.
- Reimbursement can be done through ACH payments through a bank (preferred and faster) or via checks which the universities comptroller’s office authorizes and will notify your group for pick up.
- ACH payments are deposited directly into your account, which can either be personal or an organization’s bank account done through Town Bank.
- Reminder: the MUSG Finance Office, including the FVP and the Financial Office Assistants (FOA) review and process reimbursement requests and NOT the Executive Vice President.
Appendix

a. Reimbursement Samples
   a. Acceptable Proof Payment: Invoice with no balance
   i. Acceptable proof of payment: Bank statement and reservation confirmation
c. Unacceptable Proof of Payment: Doesn’t actually show that you made this purchase because you could snap a picture of any gas pump sale. If you submitted this along with a bank statement that showed a debit to a vendor matching this amount, then you have legitimate proof of payment and cost.
